### Space and Naval Warfare Systems Center Charleston Awards Contract

CHARLESTON, S.C. — M.C. Dean, Chantilly, Va is being awarded a \$28,375,086 indefinite-delivery/indefinite-quantity, firm-fixed-price, performance based type contract for security support engineering services for the National Capitol Region to include systems engineering, analysis, development, acquisition, integration, installation, testing, software development and maintenance, and the integrated logistic support, such as: life cycle maintenance, training, and technical documentation for anti-terrorism/force protection systems. The contract contains one base year and four one-year option periods which if exercised, would bring the total cumulative value of the contract to an estimated amount of \$143,338,222. Work will be performed primarily in the Washington, DC area (95 percent) and other miscellaneous CONUS and OCONUS sites (5 percent) and is expected to be completed by September 2006 (September 2010 with options). Contract funds will not expire at the end of the current fiscal year. The contract was competitively procured under full and open competition with unlimited proposals solicited and eight offers received via the Federal Business Opportunities website, and the SPAWAR e-Commerce Central website. The Space and Naval Warfare Systems Center, Charleston, S.C., is the contracting activity (N65236-05-D-7148).
